- PERSONAL AND FAMILY SAFETY
- ROAD SAFETY
- CULTURAL LIMITATIONS

Anytime we organize an event, a detailed planning process outlines limitations and controls to be implemented, considering disruptions to community services and safety.

We will evaluate, on a case-by-case basis, depending on the nature of the events, the appropriate measures to be taken to ensure the impact on the community is minimal. Your feedback will assist us in planning as we always look for ways to improve.

What is Community Voice?

Community Voice is a monthly community meeting to share, inform and discuss topics of significance to KAUST residents. It is an opportunity for you to get involved, share ideas, and a chance to take an active part in developing the community.

Our commitment

Community Development, as the organizer and host of the program, aims to serve as a vehicle for the community to be heard. We commit to listening to your feedback on the topic proposed and bringing it to the proper stakeholders looking for answers or alternatives.

You can always suggest topics for discussion by sending us an email at getengaged@kaust.edu.sa

We are looking forward to seeing you at the next Community Voice event!
