

LIST OF PET SITTERS

UPDATED - 26 JULY 2022

Community Life recognizes and appreciates the efforts made by members of the community in offering pet sitting services. This provides a better quality of life of our pets.

In order to enhance this experience, Community Life is pleased to share the below list of pet sitters (in alphabetical order). This will help pet owners find an available sitter.

Final arrangements will be made between the pet owner and the pet sitter. Community Life will not be involved in these arrangements. The goal of publishing this list is to simply connect potential pet sitters with pet owners.

Hello, I am Ceren from Turkey. I am a Ph.D. student. I grow up on a farm where we have horses, goats, cows, chickens, cats and dogs. I love spending time with animals. When I was a student at the college, I had a cat at home, and I know how to take care of a cat. I also have three dogs in my parents' house. I like to spend time with them and play with them.

Hello! My name is Alice, I'm a PhD student here at KAUST. I lived with pets since I was a kid, I consider myself a proud animal lover! During the pandemic, before coming to KAUST, I worked as a volunteer to take care of fragile people's dogs, who couldn't leave home because of the virus. I am good with cats too; In Italy I adopted a cat from a shelter, but unfortunately I couldn't bring her with me to KAUST because I live in a shared apartment. Since I miss having a pet during my journey in KAUST, I would be glad to help you taking care of your beloved furry-friend!

I love dogs and cats. Back at home (New York City), my family had a cat, but I frequently worked as a dog sitter because I enjoy it so much. I have experience with large & small breeds, from chihuahua to Siberian husky & german Shepard / collie mix (which was a fun high energy puppy). Cats are easier to take care of, but still fun :).

Phone: +966-565305754
WhatsApp: +966-565305754

"Nice to meet you! I'm fabi 😊 I'm 26 years old, a dentist by profession. I've been living in KAUST for 9 months, I came to accompany my husband who is doing his master's degree. I love animals and have been working as a pet sitter since I arrived! I have looked after more than 20 pets, taking them for walks and caring for their needs. And what I love most about this job: meeting new people and making friends!"

Phone: +966-543779278
WhatsApp: +35-1919125431

I am a PhD student in Marine Sciences and I have been in KAUST for almost 3 years now. I have always had dogs growing up and I have learned how to teach them tricks and how to walk on the leash and off the leash with a lot of patience and positive reinforcement. I absolutely love animals and dogs are my whole heart. I have one dog back at home that I couldn't bring because I am a student. I miss him everyday but we skype a lot of times and it is so good when we get back together. I would love to spend time with your best friends and maybe bring back the feeling of a "warm welcome when you get home" that you get when you can have a dog in your life.

WhatsApp: +57-3004930508

Hi, I am Laura Pulido. I have three beautiful dogs in Colombia whom I took care of before coming to KAUST to study. I know how it feels when you need to leave your loved pets at home and you would like them to be as comfortable as when you are there. That is why I would be really glad to help people with their pets when they are away.

Name: **Linda Sapolu**

I love animals and own two stray cats (who I will be taking with me to Australia) and I also take care of the stray cats around my neighborhood. Over the past 5 years between my room mate and I we have spayed from our own pocket 30 cats. I am a responsible pet owner and although I don't have children my pets are very important part of my life and family. I like to be sure the community cats/kittens get a chance at living a good and safe life. I keep a animal first aid kit on hand and half my salary goes towards taking care of animals :)

Email: nathalia.delgadilloordonez@kaust.edu.sa
Phone: +966-568642616
WhatsApp: +966-568642616

I am a Ph.D. student in Marine Science and Engineering. All my life I have been in contact with dogs and pets in general, as my family's business was taking pictures in dog shows. This experience paved the love I feel for animals and especially domestic pets like dogs and cats. I had a dog for almost 16 years and I always took the best care of her, until she could not be long with us. I would love to take care of pets in KAUST as an extra job and give them all the love they deserve.

Name: **Prem Depan Nayak**

WhatsApp: +966-564626165

In my home country i have 1 dog and 2 cats. I know that they are quite sensitive and just like kids. I like small dogs more than big one and cats for sure - sometimes they are at their own.

Name: **Wenxuan Zhang**
Email: wenxuan.zhang@kaust.edu.sa
Phone: +966-564172776
WhatsApp: +966-564172776

I am currently a Ph.D. student at KAUST. Before joining KAUST, I have a cat in my home and stay with him for over a year. But before that, I have been visiting cat-raising forums for five years, and I have learned about people's experiences and philosophy of raising cats, learned a lot of ways to get along with cats, and learned about the pros and cons of different brands of pet supplies. I live happily with my cat. But I can't bring it with me due to international travel. I would love to serve more cats.
